Summer Reading List  
Elementary

Dear Parents,

FKCP is a college preparatory School and all Elementary students are required to read during the summer. Reading (especially out loud to a listening ear) develops spelling, vocabulary, comprehension, writing skills, logic, and creativity. It also helps them to remain sharp and to retain what they learned during the school year.

Below you will find the list of required reading for your child's perspective grade level. Attached is a book report form/assignment they are to complete and submit by **Thursday, September 1, 2016**.
